

Steps to Success

1

OEConnection learns about your business. OEConnection will gather all your dealership information, the services you offer, and the pricing you use for your service and parts. We'll work on creating a rollout plan that best fits into your daily operations. During this process, feel free to start creating menus on your own.

2

OEConnection enters the information into ServiceAdvantage. Once we've gathered all your information, we enter this into ServiceAdvantage. We do the setup for you!

3

OEConnection incorporates ServiceAdvantage into how you run your business. We'll work with you to determine how to implement ServiceAdvantage menus into your dealership to maximize use of the program for increasing sales and customer satisfaction.

4

OEConnection trains your advisors the way you want them to be trained. We'll train your advisors how to effectively use the program to determine the best services to present each customer.

5

ServiceAdvantage is rolled out into your dealership. After executing the setup process, OEConnection works with you to successfully rollout ServiceAdvantage into your dealership and measure and monitor performance.

OEConnection is here to help!

Our goal is to help you successfully incorporate ServiceAdvantage into your department's daily operations. Please contact our Customer Care Team at 888-776-5792, ext 2, option 3 with any questions you may have. We're available Monday – Friday, 8am – 8pm ET to take your call!
