

## Accelerate Your Savings Potential

Get the data you need to reduce parts orders, supplements, and returns.

## Save MORE time. Capture MORE profit.

CollisionLink® Plus brings you MORE info straight from OEMs.

### OEM Catalog Access

Brings you detailed section images to identify parts missing from the estimate, so you're not stuck waiting for new parts to arrive.

### Parts Order Scrubbing by VIN

Flags parts that don't fit and shows you alternatives, so you get the right parts the first time.

### Parts Availability

Shows you dealer inventory levels when your estimate is imported, so it's easier to schedule jobs.

CollisionLink Plus can reduce parts orders, supplements, and parts returns by **30%-35%** a month which can save shops over **\$2,300** on administrative costs and increase gross profit by **\$800** or more.\*

**Save Time** | **Reduce Admin Costs** | **Increase Gross Profit**

\*Estimates based on Collision Advice analysis & shop discussions—results will vary.
