Who We Are

OEC is a technology and software company that helps those involved in the vehicle parts and repair ecosystem finally have an easier way to get their job done. Our software technology provides customers with access to the network and data needed to transform selling, sourcing, leasing, managing, billing, and claims. Too many people get trapped in the endless complexity of the service, maintenance, and repair world, and it's slowing down everything they do. But when customers are connected to the OEC network, they can finally...

Patrick Brown
CEO

"See it, Reach it, and Get it done."

45+

automotive and heavy-duty manufacturers

100+

aftermarket suppliers

30,000+

dealerships

135,000+

repair customers

Growth & Stability

In the past year alone, the OEC network facilitated over \$10 billion in North American e-commerce and over \$30 billion in global trade. Our team of 1,200+ employees around the world helps provide technology solutions to 45+ automotive and heavy-duty manufacturers, 100+ aftermarket suppliers, 30,000+ dealerships, and 135,000+ repair customers.

What We Stand For

OEC plays a critical role in keeping the vehicle aftersales industry moving. It's a complex industry, but as we like to say, everything's easier when everything's connected.

Guiding Principles

MAKE OTHERS **MATTER**

DARE FOR BETTER

OWN IT. TODAY.

HEAR FROM OUR EMPLOYEES

Don't take our word for it, listen to what our employees have to say about working at OEC.

William Fudge

Head of Engineering Operations

"I began my career as an intern in 2001 during the formation of OEC. Today, I've risen within the management ranks and am proud to be part of a progressive technology organization."

Brittany Robinson

Sr. Software Engineer

"I have been exposed to new technologies and gained experience in programming customer-facing applications. Being able to work with fun and skilled developers not only enhances my coding skills, but makes the culture at OEC lively and welcoming."

Vikki Vaeth

Sr. Performance Coach

"In my role, I get to work with really nice people from all over the country and from all walks of life; it makes my job interesting. As for the benefits, the health insurance and flexible time off really speak to how OEC takes care of their employees."

Laura Thomson

Sr. QA Analyst

"The company has grown so much in the 10+ years I have been here, and they have also helped me grow professionally. OEC invested in training and saw the potential in me to migrate to a new career path that I love."

Binay Shah

Director, Finance

"OEC has a great culture with people that are delightful to work with, good at what they do and treat each other like family. The company is growing and provides a variety of opportunities for me to develop personally and professionally by offering coaching, training, and diverse work experiences."
