## Who we are

OEC is a technology and software company that helps those involved in the vehicle parts and repair ecosystem finally have an easier way to get their job done. Our software technology provides customers with access to the network and data needed to transform selling, sourcing, leasing, managing, billing, and claims. Too many people get trapped in the endless complexity of the service, maintenance, and repair world, and it's slowing down everything they do. But when customers are connected to the OEC network, they can finally...

**“See it, Reach it, and Get it done.”**

## Growth and stability

In the past year alone, the OEC network facilitated over \$13 billion in North American e-commerce and over \$30 billion in global trade. Our team of 1,200+ employees around the world helps provide technology solutions to 45+ automotive and heavy-duty manufacturers, 100+ aftermarket suppliers, 30,000+ dealerships, and 135,000+ repair customers.

## Hear from our employees

Don't take our word for it, listen to what our employees have to say about working at OEC.

From the way my boss treated me when I joined OEC to the respect of the broader team, this is one of the most accepting and supportive places I have worked. I appreciate the open-door policy that enables individuals to grow and evolve their career.”

**Ari Scheller**

Product Leader | Collision Shop Solutions

I have been exposed to new technologies and gained experience in programming customer-facing applications. Being able to work with fun and skilled developers not only enhances my coding skills, but makes the culture at OEC lively and welcoming.”

**Brittany Robinson**

Sr. Software Engineer

## What we stand for

OEC plays a critical role in keeping the vehicle aftersales industry moving.

It's a complex industry, but as we like to say, everything's easier when everything's connected.

“The company has grown so much in the 10+ years I have been here, and they have also helped me grow professionally. OEC invested in training and saw the potential in me to migrate to a new career path that I love.”

**Laura Thomson**

Sr. QA Analyst

“I love working at OEC! My ideas and input are not only heard but encouraged, motivating me to give my best every day. The team dynamic is incredible – we work together and celebrate our successes. Knowing that I am part of a company that prioritizes its people as well as growth and innovation makes me proud to work here.”

**James Miller**

Sr. Customer Success Specialist

“OEC has a great culture with people that are delightful to work with, good at what they do and treat each other like family. The company is growing and provides a variety of opportunities for me to develop personally and professionally by offering coaching, training, and diverse work experiences.”

**Binay Shah**

Director, Finance
