Now managing collision parts orders is the easy part

CollisionLink, an online collision parts software solution, is designed to help dealers drive part sales through competitive pricing, parts programs & promotions, and actionable business insights.

By enrolling in CollisionLink, your parts department can:

- Take advantage of 19 manufacturer parts programs
- Consolidate orders into one user-friendly online portal for faster order processing
- View the entire estimate to maximize sales opportunities
- Automate reimbursement submissions, eliminating time-consuming paperwork
- Easily communicate order status, shipping date, cost (& more!) to your customers
- Leverage a seamless PartsTrader Business workflow & insights

Key features

- Experience a more efficient, accurate way to sell collision parts
- Increase parts order accuracy
- Eliminate hard-to-read faxes
- Reduce errors, returns, & phone calls

Plus, CollisionLink streamlines the parts procurement process by making ordering parts easier for shops & repairers. With 40,000+ active collision repair centers on the platform, it's likely that many of your collision shops are already using CollisionLink!
